RETIREES

Civil Servants With loving thoughts of Judie and Laurabell

*There is no greater pleasure in the world,
No better co-workers to have,
Not a nicer psychiatrist in the area,
Always a leader of the pack!*

*A throne of plastic and cushions
The fingers of a modern day pianist
With the muscles of a power-lifter
Find a person with more control!*

*So much work to be done
But with so little or no patience left to give
What to do with the headaches that never quit
Do you know the exact second the bell will ring?*

*Oh these angels with hearts so big
How perfect of friends they are to have
Don't dare to tee them off
They have you on record!*

*Oh how sweet
No one could compete
The best that topped the game
Now have the time to complain!*

Secretary Takes Over

Hostess

Lost & Found

Nurse, Therapist

One can never express the amount of appreciation that we all feel for both of you. Throughout

a cumulative 75 years you have been our counselors, hostesses, couriers, nurses, consolers, lost and found supervisors, therapists, mediators, seamstresses, but most of all our friends. For that we all owe you a debt of gratitude and our undying love!

Secretaries Seek Some Signs Of Pleasure

*Secretaries seek some signs of pleasure
Emanating from the inner throne.
Clearly, each is an uncherished treasure,
Running the whole office on her own.
Even so, the voice is deferential,
Though the thought knows well who knows the score.
A moment's pause might seem inconsequential;
Remember, though, that patience wins the war.
In every secretary lives an angel,
Empathetic almost to a fault,
Self-sacrificing, sweet, and sentimental,
Deep within a twelve-inch concrete vault.
A decent work, with flowers or chocolate, may
Yet charm the cherub Secretaries Day.*

*Every job is a self-portrait
of the person who did it.
Autograph your work with
excellence!*

Running Quotes

"Only the strong survive"

"I don't train, I just run 3-15 miles a day. (Jack Foster)"

"A lot of people run a race to see who's the fastest, I run to see who has the most guts. (Steve Prefontaine)"

"Runners just do it - they run for the finish line even if someone else has already reached it."

The hardest thing to do in baseball is to hit a round baseball with a round bat, squarely.

-Ted Williams

Baseball is the only field of endeavor where a man can succeed three times out of ten and be considered a good performer.

Baseball is dull only to dull minds.

Three gold (Speech, Writing, and Project), one silver (Button), and a single bronze (Banner) award is what this years seniors walk away with.

Congrats!

Every year there is a kickball tournament held at the Algoma High School. It helps boost school spirit and helps student socialize together to help avoid cliques. Down with the Plastics!

Art Club

Where creativity takes shape, form, color, balance...
(lol, that is an Art joke!)

Hands-On Gallery

The Hands-On Gallery is a reflection of everyone's talents and personalities. We ended up painting glasses, cups, plates, pots etc... The best part was being able to let our artistic talents flow into overload while producing beautiful pieces of art that will not only last a lifetime but also have many different uses!

High School Art Day

One of the most inspirational trips taken by the Art students is the High School Art Day hosted by UW Oshkosh. Art from high schools around Northeastern Wisconsin is displayed for all to see on this wonderful day. From pictures of crying babies to sculptures of ancient egyptian gods, this art show has it all. Not only does UW Oshkosh display the art but they also allow students to participate in activities such as print making, face sculpting, poster making, and watercolor painting. Students that were accepted into the show include Brett Hertel, Maggie Dachelet, Carie Nell, and Pam Loucks.

8th Congressional District Competition

Carie Nell placed second in this year's competition with her photo 'Ice Land'. Her work will be on display in Mark Green's office in Washington DC, until May of 2007. Students chosen to represent our district have achieved one of the greatest honors a high school art student can receive.

Environmental Science Club

TREE HUGGERS UNITED

Mr. Nelson

Mr. Nelson, Head Advisor of the Environmental Science Club, has devoted lots of time and effort helping students become informed about the importance of nature. Being a biology teacher, he understands why humans need to save the rainforest and how important life truly is. From taking his students on camping trips in wild, untamed forests to planting trees right outside in our backyard, he really knows how to get involved. Maybe you should think twice before mowing your lawn and cutting what he so desperately tries to save.

Mr. Burkard and Ms. Haack

Mr. Burkard and Ms. Haack assist Mr. Nelson in his quest to save our environment. Both Mr. Burkard and Ms. Haack chaperone the Environmental Science Club Camping Trip... which happens to be more than just a blast... it's the 'bomb'.

Foreign Exchange

"A person starts to live when he can live outside himself."

- Albert Einstein

Julia Thomsen

[In America] I like that everybody here is so friendly and always helpful. I was so scared when I first came here, but everybody made it really easy for me to adjust; my family here is so loving, my friends at the High School are just wonderful and the teachers help me whenever they can. That is just great!

[A major differences between countries is] the school! The classes are different, and we don't have school until 3:20 pm, but until about 2:00 pm. Here students from different grades are mixed together in classes, in Germany we only have classes with people in the same grade. And we don't get to choose our classes. I also think that the whole atmosphere at school is somehow more friendly. The relations between students and teachers is much better here than in Germany. The teachers are more open to students' problems and the classes are a lot more fun than in my German school.

[Do you eat dog?] Yes, Wiener Dog tastes like chicken. Just kidding! ;) Of course I don't eat dog!! I've got a dog, and I love her like my baby! I could never eat dog!

I would like to thank everybody for making my year at the Algoma High School a great experience! Everybody helped me so much, and I had so much fun this year. It was great to be involved in so many things, like One Act, Musical, Math Team, Forensics, and of course Track! I learned so many things and had so much fun. Without all my friends here at the High School and without my great host family, this year just wouldn't have been as great. So I just want to thank everybody for just being wonderful! ;) I'm going to miss everybody so much! And I hope I can come back someday.

Elisa Assis (Lee)

At the end of the semester I am kind of sad and happy. I'm excited to see my family and my country again, but I will miss all that I am leaving here. It was really cool to meet new people, a different culture, living this experience... Definitely, I will never forget this time.

I want to thank all of the people who were wishing me the best and supporting me when I needed it the most. Thanks for the ones who were patient, especially with my English! ;)

I get attached to things very easily, and it will be kind of hard getting on the airplane and leaving all of this behind. But, I will take with me a lot of good memories and friends forever. I know that someday we will meet again.

Thank you for everything, I will miss you guys...!

2005

School Daze is Algoma's school newspaper, which covers everything from politics to entertainment. This newspaper has been part of our school since 1945. The journalism class which creates this paper is advised by Mr. Schmiling. It brings a group of teenagers together through journalism, photography, and interviews. School Daze has brought laughter and tears to everyone that has read it, and hopefully there will be more to come in the following years.

Graduation

Kayte Dettman

College: University of Wisconsin-LaCrosse
Field(s) of Study: Spanish and Business

"I've enjoyed Spanish since I began it. It's very mathematical and has formulas. I'm complimenting that along with a business major, because someday I want to own my own business."

"I am considering going to Law School after I get through a few years of college."

Ashton Savoie

College: University of Wisconsin-Madison
Field(s) of Study: Nursing

"I really like helping people and working with them. The Medical field is also really interesting to me. I've always enjoyed science classes in school. I'm also taking a CNA (Certified Nurse Assistant) course right now and I enjoy the class."

"I would return to school for my Masters in Nursing so I can become a Nurse Practitioner and specialize in Pediatrics."
