Dedications- Goodbye D.P.!

"The future of the world is in my classroom today, a future with the potential for good or bad... Several future presidents are learning from me today, so are the great writers of the next decades, and so are the so-called ordinary people who will make the decisions in a democracy. I must never forget these same young people could be the thieves and murderers of the future. Only a teacher? Thank God I have a calling to the greatest profession of all! I must be vigilant every day, lest I lose one fragile opportunity to improve tomorrow.

--Ivan Welton Fitzwater

Good-bye Merlyn!

"One looks back with appreciation to the brilliant teachers, but with gratitude to those who touch our human feelings. The curriculum is so much necessary raw material, but warmth is the vital element for the growing plant and for the soul of the child."

---Carl Jung

The dream begins, most of the time, with a teacher who believes in you, who tugs and pushes and leads you on to the next plateau, sometimes poking you with a sharp stick called truth."
