## Forensics Coach

David Loos has been coaching Forensics for as long and many may remember. He has taught kids how to speak in public and how to work for what they want. We will never forget about the three "P's"...

Professionalism

## One Act Coach

David Loos has been at Algoma High School for 41 years. He has been coaching One Act for a long time. He has done a outstanding job and we want to let him know that we are thankful for his help, and all of the extra hours he spent with these kids.

## National Honors Society Sponsor

Judy Rocque has taught at Algoma High School for 42 years. She has been the head of the National Honor Society for numerous years and has done a wonderful job with it. We would like to thank her for spending the extra time that she puts in.

## Social Studies Teachers

David and Judy have been here at Algoma High School for a combined 83 years. We would like to thank them for always being here when we need them.

## Fellow Employee

David is a friend to all. Often students seek his advice or he gives it when he deems appropriate. Students know they can depend on him, not only for advice but whatever it is that is appropriate at the time. He seems to have an endless capability to deal with various students in diverse situations.

# Seniors-Leavin' Their marks

"Life is too short to wake up in the morning with regrets. So love the people who treat you right, forget the ones who don't, and believe that everything happens for a reason. If you get a chance, take it. If it changes your life, let it. Nobody said that it would be easy, they just promised that it would be worth it."

# Foreign Exchange Students

## Yejin Kim

My adventure in America has been great. I have experienced so many things that I could never have back home. For example, I remember throwing toilet paper all around the trees at homecoming season, and it is something that will never happen back home. I enjoyed having new experiences here, every single thing. Every memory from here is a treasure for me. 07-08 will be on my 'most valuable memory lists.' Even the memory of gaining about 20 pounds in ten months here will be on the list. Thanks to everyone who helped and took care of me. Without you, I couldn't make this wonderful year. I will miss every single thing. I will miss every single person here.

## Trang Minn Le

I am Trang Le, an exchange student from Vietnam. This year in Algoma helped me widen my knowledge about life and many things. I am going to St. Norbert College next year. I'll remember the fire truck for Forensic state champion team, the confused basketball games without glasses on. Thank you for giving me a chance to be a part of this school.

## Lea Stoppler

Lea came to us from Germany. She was 16 years old and stayed with the Duerst family.
