FORIEGN EXCHANGE

Hello, guys and girls! This is Hyeon-Kyeong Yoo (known as Emily) from South Korea. It's really hard to believe that I have to leave soon. I wish I could stay longer and come back again sometime. I also like Lake Michigan. I can never forget those beautiful waves. I was glad to meet nice and kind people here; especially Dee Dee, Andi and Meg. I love you girls so much! Thanks everybody. All memories in America will live in my heart forever. It's going to be so hard to say goodbye to everyone because this year has been so special to me. But I have to say goodbye to everyone.

Valedictorian

Cassandra Magle

Cassandra focused on doing her best at Algoma High School. She was never fighting for valedictorian but it is a great accomplishment. All she ever wanted to do was try her best and see where that would lead her. As of right now, she is pushing herself to keep doing well in all of her classes. To prepare for life after high school she is working on good work and study habits. Her parents are the ones who inspired her to do her best, because when she did well on something her parents were proud. When she was asked if she would miss this piece of her life or was she happy to move on to a new opportunity she said, "I'm happy to move on and explore what else the world has to offer. I've been in high school for four years with all the same people in my class. I'm ready to meet new people. Cassandra is going to UW Stevens Point for a major in Elementary Education with a minor in Spanish and an emphasis in music. Since she knew that she wanted to teach, she made an extra effort to do well in school. She wanted to be a positive role model to those who would be under her care in the future.

Dayna has worked hard at Algoma High School the past four years. Even before she started high school, her goal was to be in the top ten of her class. Throughout the years, she has pushed herself harder and harder to become the best. Her parents also encouraged her a lot, which as I see it, has given her a lot of potential and self-esteem so she can do anything she wants. She is preparing for her life after high school by working on scholarships. When she was asked if she would miss this part of her life, or is she happy to move on to a new opportunity, she replied, "Both. I'm glad to be moving on, but it will still be hard to go." Dayna is planning on attending St. Norbert College in the Fall. She will be majoring in Early Education and minoring in Spanish.
