Mr. Nelson

The Senior Class appreciates all you have done for us, with Junior prom and our Senior Homecoming. We also appreciate you for helping construct our Senior class trip. We couldn't have asked for a better Senior advisor. We would have to say that our best experiences with you have been Fridays with you looking so dashing, we admire you.

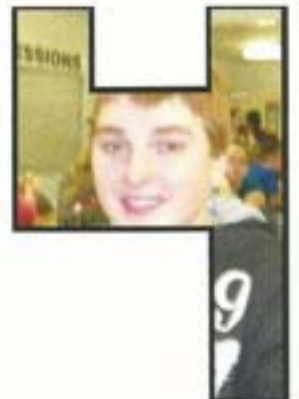

Mrs. Preder

We value your teaching styles, making you unique in your own way. You took learning to a new level, for example with Skinner and Watson. Without you, we would never have raised so much money for our class. You also found the delicious Butter Braids. Thanks for keeping some of us sane during our prom and homecoming. Without you, we don't know what the outcome may have been.

Thank you for everything!

*Seniors

2011*

These memories are playing like a film without sound and I keep thinking of that night in June I didn't know

As we go on we remember all the times we had together and as our lives change from whatever we will still be friends forever

much of love but it came too soon and there was me and you and then we got real blue stay at home talking on the telephone and

would get so excited and we'd get so scared laughing at ourselves thinking life's not fair and this is how it feels

Foreign Exchange

Mirdodir (Mike) Khalilov came to us from Tashkent, which is the capitol of Uzbekistan. His host family was Jeremy and Lori Paszcak. When asked what he enjoyed the most, he said, "Everything was new" and that he liked meeting and making good friends, travel and the culture of America. Mike would also like to thank his host family for their support throughout the year.

Hey, my name is Manuel Zulla and I spent my last 10 months in Algoma. I'm from Germany and my home city is Nürnberg. It was kind of weird to come to a town which is so much smaller to my home but right away I found the positive aspects in it. My host family were the Dawson's and I was really glad that I got such an awesome family. Right away when I came to this town, I was surprised how nice the people are and how big the school spirit is what let me feel really welcome. In the fall I signed up for the Algoma varsity soccer team. We weren't so successful but I had an unforgettable time with my team mates. In the winter I joined an indoor league in Green Bay and in school I was part of the Algoma math team. Out of school I spent a lot time with fishing, soccer and hanging around with my friends. I really want to say thank you to the Algoma High and the Dawson's to give me such a unique opportunity. See you guys soon.

Valedictorian & Salutatorian

Valedictorian-Cassidy Krause

In the fall I will be attending UW-Platteville where I plan to double-major in environmental engineering and music performance.

Salutatorian- Kelsey Koss

Next school year I will be attending UW – Madison. I will be participating in the Liberal Arts Honors Program for an undecided major, although I am leaning toward the fields of journalism, education, or marine biology. I plan to join many intramurals, student organizations, and maybe even the marching band. I'd like to thank Algoma for all the lessons and memories it has given me, and I look forward to the new opportunities that I will encounter at UW – Madison
