Once Upon A Time

Foreign Exchange Student

Hi, I am Sabrina Peng, this year's foreign exchange student from Shanghai, China. Coming from a city with over 20 million people to Algoma is a brand new experience in my life. We have over 1500 students in my high school, and I was one of the leaders of student council. I lead over 300 members in student union and take responsibilities for all the students and faculty in our high school. My high school, High School Affiliated to FuDan University (FDFZ), is among the top 10 high schools in China, and ranked 2nd in Shanghai. Every year, our high school has lots of students accepted by top universities in the United States. Life in FDFZ was one of the most important phases in my life, yet studying at Algoma High School is also a fantastic life experience.

Algoma High School opened up a lot of opportunities to me, in which I have explored more about myself and have formed unforgettable memories. I like music and have been playing the piano for ten years, so I joined choir, vocal jazz, and the musical, Annie, this year. It was the first time for me to act in a musical, but I found this experience so amazing that I hope I could have more chances like this in college. Also, I was the captain of Math team and got First Place in this year's Regional math meet; I was even given a perfect score in our school district.

I love challenges and am always willing to take them in my life, which is why I chose to be an exchange student away from family and country for a school year. Even though English is not my native language, I still took part in Forensics and attended a lot of tournaments. I picked one of the hardest events, Oratory, as my category. I wrote a ten-minute speech about Suicide, and presented it by memory. To everyone's surprise, I did a fantastic job in all tournaments and received several awards, including 3rd place at Waupaca's tournament. I was once afraid of giving public speeches when I was young, but now I am proud of myself of winning trophies for giving original speeches in my second language. I've always had a strong interest in business and economics, and I am a member of the FBLA, too. At this year's regional FBLA conference, I took First Place in my category and successfully advanced to State.

Some people may regard me as a little bit "crazy" for taking 5 AP classes and getting straight A's and all kinds of awards. But I think it's my personality that keeps encouraging me to achieve greater success and overcoming difficulties. My dream school is Wharton Business School at the University of Pennsylvania. I know getting into the No. 1 business school in U.S is not an easy thing, but I will work hard to realize my dream. I hope everyone in Algoma can make his or her dream come true.

At last, I want to thank my host family (Ned Noah and Mary Noah) and all my friends. You gave me so much support and created a second hometown in my life. I will never forget all of you and the great memories we've shared. I promise that I will visit Algoma in the following years. Thank you again for giving me such a terrific experience in my life!

Senior Class Trip Chicago, IL

Valedictorian/Salutorian

Jason Salszieder

After High School, I plan to attend the University of Wisconsin-Madison. At the present time I am unsure of what I am going to do, but I am leaning towards entering the engineering field. I am not sure what type of engineering I want to enter into, but right now it is my most favored option. One of my goals in college is to graduate as soon as I can by taking the most credits possible each year. Other goals of mine are to achieve an A average in college and participate in clubs and other activities. My career aspirations are to start working for someone, but as I expand in my career, I hope to own my business or company. I hope to climb up the ladder where I work and become the best that I can be in my field of work.

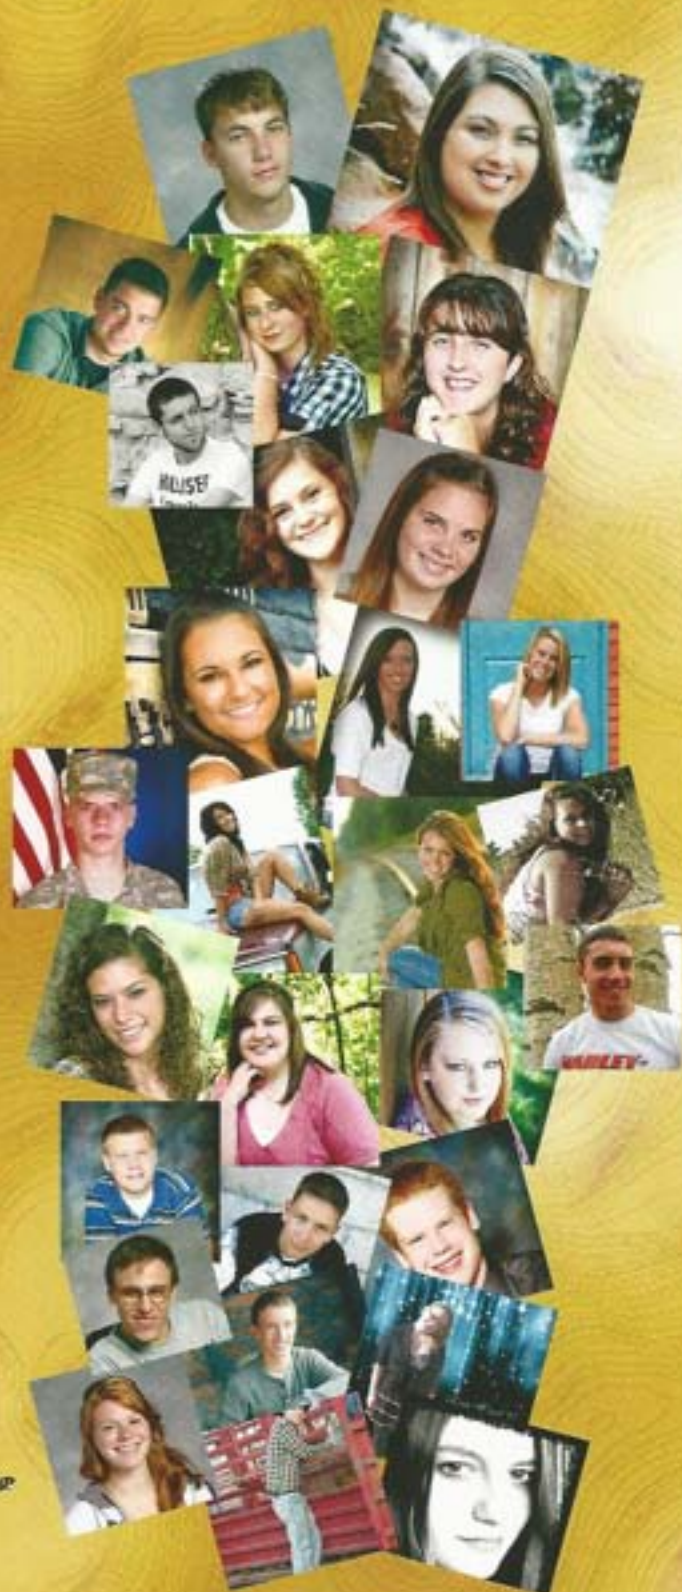

Abbey Bluett

The school I plan on attending is UW-Madison. As of now, I want to pursue a major in Marketing. Once my college education is complete, my hopes are to work for a large corporation and advertise for beneficial causes.

Senior Prophecy

SHANE ANDREWS - BECOMES A BOAT CAPTAIN
ZACH BLANK - BECOMES A FITNESS STORE MANAGER
ABBEY BUELT - BECOMES A MARKETING DIRECTOR
TREVOR BRUNETTE - BECOMES A COMPUTER PROGRAMER
